**FOR THE YEARS ENDED DECEMBER 31, 2019 AND 2018**

## **INDEPENDENT AUDITOR'S REPORT**

Board of Commissioners  
Housing Authority of Gloucester County, New Jersey

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the business-type activities and aggregate discretely presented component units of the Housing Authority of Gloucester County, New Jersey, a component unit of the County of Gloucester, as of and for the years ended December 31, 2019 and 2018 and the related notes to the financial statements, which collectively comprise the Authority's financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and in compliance with the audit requirements as prescribed by the Bureau of Authority Regulation, Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the discretely presented component units were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal controls. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the Housing Authority of Gloucester County, New Jersey and of its aggregate discretely presented component units as of December 31, 2019 and 2018, and its changes in financial position and its cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Authority's basic financial statements. The accompanying supplementary schedules as listed in the table of contents are not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the Financial Data Schedule as required by the U.S. Department of Housing and Urban Development are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the Financial Data Schedule as required by the U.S. Department of Housing and Urban Development are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards and the Financial Data Schedule are fairly stated in all material respects in relation to the financial statements as a whole.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated September 18, 2020 on our consideration of the Housing Authority of Gloucester County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Housing Authority of Gloucester County's internal control over financial reporting and compliance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Commissioners  
Housing Authority of Gloucester County, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and in compliance with audit requirements as prescribed by the Bureau of Authority Regulation, Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements of the business-type activities and the discretely presented component units of the Housing Authority of Gloucester County (Authority), a component unit of the County of Gloucester, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the Housing Authority of Gloucester County's basic financial statements, and have issued our report thereon dated September 18, 2020. The financial statements of the discretely presented component units were not audited in accordance with *Government Auditing Standards*, and accordingly, this does not include reporting on internal control over financial reporting or instances of reportable noncompliance with the discretely presented component units.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*, and audit requirements as prescribed by the Bureau of Authority Regulation, Division of Local Government Services, Department of Community Affairs, State of New Jersey.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and the audit requirements as prescribed by the Bureau of Authority Regulation, Division of Local Government Services, Department of Community Affairs, State of New Jersey in considering the Housing Authority of Gloucester County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

December 31, 2019

Unaudited

This section of the Housing Authority of Gloucester County's ("Authority") annual financial report presents our discussion and analysis of the Authority's financial performance during the fiscal year ended on December 31, 2019. We encourage readers to consider the information presented here in conjunction with the Corporation's financial statements and accompanying notes.

### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This annual financial report consists of two parts: Management's Discussion and Analysis (this section) and the basic financial statements. The Management's Discussion and Analysis is intended to share management's analysis of the Authority's financial performance. The Authority's financial statements are designed to provide readers with a broad overview of the Authority's finances, in a manner similar to private businesses, such as real estate development and management. The financial statements included in this report were prepared in accordance with GAAP applicable to governmental entities for Proprietary Fund types ("Business-Type" activities). The financial statements are accompanying data include the following:

1. **The Statements of Net Position** - presents information on all the Authority's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and with the difference reported as net position (equity).
2. **The Statements of Revenue, Expenses, and Changes in Net Position** - presents information on revenues and expenses showing how the Authority performed.
3. **The Statements of Cash Flows** - presenting the inflows and outflows of cash and cash equivalents.
4. **Notes to Financial Statements** - provides additional information essential to fully understanding the data provided in the financial statements.
5. **Supplemental Information** - presents the schedule of expenditures of Federal Awards as required by the U.S. Office of Management and Budget (2 CFR 200 *Uniform Guidance*). Also included are the Financial Data Schedule and Capital Grant Schedule. Schedules for the Authority's post-retirement plan and the State-Administered pension plan are presented as Required Supplementary Information.

- The Authority's Cash and Investment balance at the reporting year-end was **\$8,916,141** in 2019, **\$8,237,631** in 2018, and **\$7,473,055** in 2017. This includes amounts designated for restricted use.
  
- The Authority had Total Revenues of **\$25,439,536** in 2019, **\$25,037,495** in 2018, and **\$24,076,140** in 2017. The Authority had Total Expenses of **\$27,012,569** in 2019, **\$26,642,927** in 2018, and **\$26,175,219** in 2017.
  
- The Primary Government's Expenditures of Federal Awards amounted to **\$19,171,313** in 2019, **\$19,124,367** in 2018, and **\$18,611,239** in 2017.
  
- The Authority lost over **\$345,000** in 2019, **\$344,800** in 2018, and **\$392,000** in 2017 in Section 8 Housing Choice Voucher Ad as a result of the proration factor determined by HUD. The proration factor is based on national leasing statistics in the Prog fiscal limitations imposed by Federal Appropriations.
  
- The Authority lost over **\$20,000** in 2019, **\$50,000** in 2018, and **\$64,000** in 2017 in government subsidy in the Public Housing Programs due to Federal Program cuts.

### **OTHER FINANCIAL INFORMATION**

The Housing Authority of Gloucester County operates various programs involving the provisioning of affordable housing services. Some programs are federal or state instituted and others are management operations of affordable housing.

The major programs of the Authority are:

1. Public Housing Program
2. Section 8 Housing Choice Voucher Program
3. Business Activities, consisting of General Management and Supplemental funds.
4. Component Units, which are legally separate corporations and instrumentalities of the Housing Authority formed to carry out the mission of the Authority and expand affordable housing opportunities.

The financial books are maintained in accordance with Generally Accepted Accounting Principles (for government entities).

**HOUSING AUTHORITY OF GLOUCESTER COUNTY  
MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)**

**December 31, 2019**

Unaudited

**HOUSING FACTS:**

1. Over 2,000 Low-Income Families have been assisted throughout the county by the Housing Authority in 2019; affording them decent, safe, and sanitary housing based on their ability to pay.
2. Close to \$16 million was disbursed in Housing Assistance Payments.
3. The Average monthly Housing Assistance provided for Section 8 families was \$747.

**BUDGETARY HIGHLIGHTS**

As for the year ended December 31, 2019, individual programs or grant budgets were prepared by the Authority and were approved by the Board of Commissioners. The budgets are used primarily as a management tool. However, for the Authority's annual entity-wide (excluding component units) State budget, the total amount of appropriations constitutes the legal level of control. Expenditures may not exceed appropriations at this level without approval of the State of New Jersey Department of Community Affairs.

In some governmental programs, funding is derived by formula. The Authority experienced major funding changes in recent years, including recent reductions.

## **CAPITAL ASSETS and DEBT ADMINISTRATION**

In 2019, the Authority invested \$410,225 in capital assets with grants provided from HUD's Capital Fund Program to renovate and upgrade Authority-owned housing units and equipment. The Authority has an ongoing practice of maintaining its property at high standards, keeping them decent, safe, and sanitary.

No new outside debt was issued in 2019 by the Housing Authority or any of its Component Units.

## **ECONOMIC FACTORS and NEXT YEAR'S BUDGETS**

The economy is still facing financial difficulties and monetary pain is felt at all levels. Out-of-control health care costs, bankruptcies, and foreclosures continue to dampen the local economy. The Federal Budget crisis in Washington over the past several years has had a major impact in the public housing sector. HUD has not been funding the various programs at or near 100% of what is required. In 2019, the Authority's Public Housing projects were hit with funding cuts totaling **\$22,627 which was a proration factor of 97.77%**. In 2018, the proration factor was 94.74%. This on top of prior year cuts has severely depleted the project reserves. Capital Grants, utilized to modernize and improve our housing stock, continue to be defunded by HUD, but also at a lower level than in past years.

Federal cuts in the Housing Choice Voucher Program, the Authority's largest program, have been ongoing for the past several years and continue into 2019. Administrative fees are not being fully funded and have been substantially reduced from the HUD approved rates, amounting to losses of over \$345,000 in 2019. The proration factor in 2019 was 81.1% and 2018 was 80.615%. While the administrative portion of revenue has decreased substantially, at the same time administrative expenses and overhead have increased. This continues to place a heavy burden on our primary government programs.

HUD will have to better fund these programs if they are to survive. In the meantime, the Authority will continue to assess its financial position and take whatever measures necessary to fulfill the spirit of its mission.

In 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a Public Health Emergency of International Concern. It has adversely impacted many industries and it could have continued material adverse impact on the economy and market conditions which could trigger a period of global economic slowdown. The outbreak presents uncertainty and risk with respect to the Authority, its performance, and its financial results.

## HOUSING AUTHORITY OF GLOUCESTER COUNTY, NEW JERSEY

### Notes to Financial Statements

---

#### Note 1: **ORGANIZATION AND ACTIVITY**

The Housing Authority of Gloucester County (the Authority) was created through a resolution of the Board of Chosen Freeholders of the County of Gloucester in 1972. Organized as a public housing authority (PHA) as defined by state statute (N.J.S.A. 40A:12A-1, et seq., the "Housing Authority Act"), the Authority functions under the supervision of the U.S. Department of Housing and Urban Development and the New Jersey State Department of Community Affairs. The Board of Commissioners of the Authority is a seven-member board with five members appointed by the Board of Chosen Freeholders of the County of Gloucester, one member appointed by the Freeholder Director of the County of Gloucester, and one member appointed by the Commissioner of the New Jersey State Department of Community Affairs.

As of December 31, 2019, the activities of the Authority included the ownership and/or management or oversight management of the following housing programs and projects in Gloucester County, New Jersey:

The Housing Assistance Payments Programs include the Housing Choice Voucher and Moderate Rehabilitation programs. These programs provide housing assistance payments to participating owners on behalf of eligible tenants to provide decent, safe, and sanitary housing for extremely low and very low income families as defined by the Housing Act of 1998, at rents they can afford. The U.S. Department of Housing and Urban Development ("HUD") provides assistance for approximately 1,900 housing units to the Authority.

The Public Housing Program consists of 262 rental units constructed or purchased and operated by the Authority. The purpose of this program is to provide decent, safe, and sanitary housing to eligible low-income families and the elderly at rents they can afford. HUD provides assistance to the Authority in the form of operating subsidies.

Under the Management Services Programs of the Authority, property management and administrative services are provided for a fee to affiliated not-for-profit corporations and other outside parties providing affordable housing.

The Tenant Services Program is a federal and state-funded program that provides nutrition, housekeeping, and certain other services to tenants residing in the Authority's owned or managed housing projects for the elderly and disabled.

The Expanded Housing Opportunities Program consisted of 12 Authority-owned single-family dwellings rented to low-income families. Surplus funds previously generated by certain Housing Assistance Payments Programs were used to provide a portion of the purchase price of the properties.

**Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Reporting entity

In evaluating how to define the Authority for financial reporting purposes, management has considered all potential component units. The decision to include any potential component units in the financial reporting entity was made by applying the criteria set forth in GASB Statements No. 14, The Financial Reporting Entity, as amended by GASB Statement No. 39, Determining Whether Certain Organizations are Component Units, and GASB Statement No. 61, The Financial Reporting Entity: Omnibus - an amendment of GASB Statements No. 14 and No. 34, and GASB Statement No. 80, Blending Requirements for Certain Component Units – an amendment of GASB Statement No. 14. Blended component units, although legally separate entities, are in-substance part of the government's operations. The discretely presented component units are reported in a separate column collectively in the financial statements to emphasize that they are legally separate from the primary government.

The basic-but not the only-criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and / or its citizens.

A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities. Finally, the nature and significance of a potential component unit to the primary government could warrant its inclusion within the reporting entity.

Based upon the application of these criteria, the Authority is considered to be a component unit of Gloucester County described in the preceding paragraph due to the fact that the County's Board of Freeholders can appoint and remove five out of seven commissioners. These financial statements would be discretely presented as part of the County's financial statements if the County reported using generally accepted accounting principles applicable to governmental entities.

As required by generally accepted accounting principles, the financial statements present the Authority (the primary government) and its component units. The primary government includes the accounts of all Authority operations. The component units (discussed below) are included in the Authority's reporting entity because of the significance of their operational or financial relationships with the Authority.

Component units

The component unit column in the financial statements includes the financial data of the Authority's three not-for-profit component units, two for profit component units which function as "instrumentalities" of the Authority, and two for-profit real estate entities in which the Authority is a general partner, although they are separate legal entities. The five component units are Seniors Housing Development Corporation of Gloucester County (SHDC), Gloucester County Housing Development Corporation (GCHDC) and Affordable Housing Alternatives of Gloucester County, Inc. (AHA), Pop Moylan Urban Redevelopment Company, LLC (POPM), and Colonial Park, L.P. (CPLP). Because the component units included in the financial statements do not meet the criteria for blending, they are reported discretely. All of the component units have December 31<sup>st</sup> year ends.

Component units (continued)

Except for AHA, the component units issue separately audited financial statements. Copies of the component unit financial statements may be obtained from the Authority's accounting department.

SHDC is a 501(c)(3) organization. The Authority and SHDC have interlocking boards of trustees/commissioners and common management. SHDC currently owns land on which an affordable housing project is located. SHDC assisted in the redevelopment of the complex and leases the land to Colonial Park, L.P., (CPLP) a for-profit, limited partnership. SHDC is the management company for Colonial Park, L.P. eMurphyg, Inc., an investee (SHDC owns approximately 80% of the common stock of eMurphyg) of SHDC, holds a .01% interest in Colonial Park, L.P. SHDC has also provided financing to CPLP through a note receivable secured by the fourth mortgage on the building. SHDC charges the project a fee for bookkeeping and management services.

GCHDC is a 501(c)(3) organization. The Authority and GCHDC have interlocking boards of trustees/commissioners and common management. GCHDC currently owns land on which an affordable housing project, as well as facilities for the administrative offices of the Authority, are located. GCHDC assisted in the development of the complex and leases the land to POPM. A wholly-owned, for-profit subsidiary of GCHDC, PMURC, Inc. holds a 1% general partner interest in POPM. GCHDC has also provided financing to Pop Moylan through notes receivable secured by second and third mortgages on the building. GCHDC charges the project a fee for management services. The Authority provides certain accounting and administrative services to GCHDC. In 2019 and 2018, the only transactions between the Authority and GCHDC consisted of reimbursements by GCHDC for expenditures made by the Authority on behalf of GCHDC.

AHA is a 501(c)(3) organization that was formed in December 2000 to develop additional affordable housing in Gloucester County, New Jersey.

POPM is a limited liability company under the laws of the State of New Jersey, formed on October 10, 1996, for the purpose of constructing and operating a low-income rental housing project consisting of 80 units for the elderly in Deptford, New Jersey, and currently operating under the name Nancy J. Elkins Seniors Housing. The project has qualified for low-income housing tax credits pursuant to Internal Revenue Code Section 42 (Section 42) which regulates the use of the project must meet the provisions of these regulations during each of 15 consecutive years in order to remain qualified to receive the tax credits. The Authority provides certain accounting, administrative, and property management services to POPM. In 2019 and 2018, the only transactions between the Authority and POPM consisted of reimbursements by POPM for expenditures made by the Authority on behalf of POPM.

CPLP is a limited partnership under the laws of the State of New Jersey formed on December 29, 2011. The purpose of the Partnership includes, but is not limited to, rehabilitating and operating an affordable housing project consisting of 200 units of which utilizes 1 rental unit for a superintendent. The property is located in Woodbury, New Jersey. The building which houses an apartment complex was purchased in February 2011 and renovation activities commenced at that time. Renovations were completed December 12, 2013. Rents are subsidized by the United States Department of Housing and Urban Development (HUD) under a Section 8 contract, dated May 20, 2011 and effective for a period of 20 years.

**Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

Basis of presentation

The financial statements of the Authority have been prepared in accordance with accounting principles generally accepted in the United States of America applicable to enterprise funds of State and Local Governments on a going concern basis. The focus of enterprise funds is the measurement of economic resources, that is, the determination of operating income, changes in net position (or cost recovery), financial position and cash flows. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

The Authority is a single enterprise fund and maintains its records on the accrual basis of accounting. Enterprise funds account for activities (i) that are financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity; or (ii) that are required by law or regulations that the activity's cost of providing services, including capital cost (such as depreciation or debt service), be recovered with fees and charges, rather than with taxes or similar revenues, or (iii) that the pricing policies of the activity establish fees and charges, designated to recover its costs, including capital costs (such as depreciation or debt service). Under this method, revenues are recorded when earned and expenses are recorded when the related liability is incurred.

Basis of accounting

Basis of accounting determines when transactions are being recorded in the financial records and reported on the financial statements. Enterprise funds are accounted for using the accrual basis of accounting.

Revenues - Exchange and Non-Exchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value is recorded on the accrual basis when the exchange takes place. Tenant charges are recognized as revenue when services are provided.

Non-exchange transactions, in which the Authority receives value without directly giving equal value in return, include grants, contributed capital, and donations. Revenue from grants, contributed capital, and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the Authority must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Authority on a reimbursement basis.

Expenses - On the accrual basis of accounting, expenses are recognized at the time they are incurred.

Budgets and budgetary control

The Authority must adopt an annual budget in accordance with N.J.A.C. 5:31-2. N.J.A.C. 5:31-2 requires the governing body to introduce the annual Authority budget at least 60 days prior to the end of the current year and to adopt not later than the beginning of the Authority's year. The governing body may amend the budget at any point during the year. The budget is adopted on the accrual basis of accounting with provisions for cash payments for bond principal. Depreciation expense is not included in the budget appropriations.

Budgets and budgetary control (continued)

The legal level of budgetary control is established at the detail shown on the Statements of Revenue, Expenses and Changes in Net Position. All budget transfers and amendments to those accounts must be approved by resolution of the Authority as required by the Local Finance Board. Management may transfer among supplementary line items as long as the legal level line items are not affected. There are no statutory requirements that budgetary line items not be over-expended. The Authority did not adopt an amending budget resolution during the year.

Non-appropriated capital budgets were prepared for the Capital Fund Program. Expenditures for these funds were controlled on the basis of applicable separate annual grant awards from HUD and were carried forward each year until the projects are completed or the grant award had been expended.

The Authority's annual budget is prepared on a detailed line item basis. Revenues are budgeted by source. Expenditures are budgeted by function and nature. The total amount of appropriations constitutes the legal level of control. Expenditures may not exceed appropriations at this level without approval of the State of New Jersey Department of Community Affairs.

Cash and cash equivalents and investments

Cash and cash equivalents include petty cash, change funds and cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. Such is the definition of cash and cash equivalents used in the statement of cash flows. U.S. treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value, as applicable.

HUD authorizes public housing authorities to invest in U.S. obligations, U.S. agencies, money market funds limited to U.S. obligations, certificates of deposit, savings accounts, and repurchase agreements fully collateralized by U.S. obligations (with certain restrictions).

New Jersey governmental units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of investments which may be purchased by New Jersey municipal units. These permissible investments generally include bonds or other obligations of the United States of America or obligations guaranteed by the United States of America, government money market mutual funds, any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, bonds or other obligations of the local unit or bonds or other obligations of school district of which the local unit is a part or within which the school district is located, bonds or other obligations approved by the Division of Local Government Services, Department of Community Affairs for investment by local units, local government investment pools, deposits with the State of New Jersey Cash Management Fund, and agreements for the purchase of fully collateralized securities with certain provisions. In addition, other State statutes permit investments in obligations issued by local authorities and other state agencies.

**Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

Cash and cash equivalents and investments (continued)

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks, or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the governmental units.

Additionally, the Authority has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act. In lieu of designating a depository, the cash management plan may provide that the local unit make deposits with the State of New Jersey Cash Management Fund.

Restricted assets

Certain cash of the Authority is restricted by HUD for use to fund future housing assistance payments, for tenant security deposits, or for other specified purposes.

Prepaid expenses

Prepaid expenses recorded on the financial statements represent payments made to vendors for services that will benefit periods beyond the Authority's applicable year end.

Capital assets and depreciation

Land, buildings, furniture and equipment, and leasehold improvements are carried substantially at cost. All additions and betterments are charged to the capital assets accounts. The Authority has no infrastructure fixed assets.

Expenditures, which enhance the asset or significantly extend the useful life of the asset are considered improvements and are added to the capital asset's currently capitalized cost. The cost of normal repairs and maintenance are not capitalized. Interest has been capitalized during the construction period on buildings and equipment.

Assets capitalized generally have an original cost of \$2,000 or more and a useful life in excess of three years. Dwelling equipment (ranges and refrigerators) is capitalized irrespective of cost. Depreciation has been provided on each class of depreciable property using the straight-line method. Estimated useful lives are as follows:

Buildings	40 years
Building improvements	10 to 20 years
Furniture and equipment	3 to 10 years

Deferred outflows of resources

The statements of net position reports separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources, reported after total assets, represents a reduction of net position that applies to future period(s) and will be recognized as an outflow of resources (expense) at that time. Deferred inflows of resources, reported after total liabilities, represents an acquisition of net position that applies to a future period(s) and will be recognized as an inflow of resources (revenue) at that time.

Transactions are classified as deferred outflows of resources and deferred inflows of resources only when specifically prescribed by the Governmental Accounting Standards Board (GASB) standards. The Authority is required to report amounts related to the defined benefit pension plan and other postemployment benefits plan that are applicable to future periods as deferred outflows of resources and deferred inflows of resources. See notes 6 and 7 for more information regarding the pension plan and other postemployment benefits (OPEB), respectively.

Compensated absences

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave, and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the Authority and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the Authority and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

Unearned revenue

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied and are recorded as a liability until the revenue is both measureable and the Authority is eligible to realize the revenue.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public Employees' Retirement System ("PERS") and additions to/deductions from PERS's fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Net position

In accordance with the provisions of GASB Statement No. 34 ("Statement 34") of the Governmental Accounting Standards Board "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments", the Authority has classified its net position into three components – net investment in capital assets; restricted; and unrestricted. These classifications are defined as follows:

Net investment in capital assets – This component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any bonds, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt also should be included in this component of net position. If there are significant unspent related debt proceeds or deferred inflows of resources at year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of net investment in capital assets. Instead, that portion of the debt or deferred inflows of resources should be included in the same net position component as the unspent amount.

Restricted – This component of net position consists of constraints placed on net position use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position – This component of net position consists of net position that does not meet the definition of "restricted" or "net investment in capital assets."

Income taxes

The Authority operates as defined by the Internal Revenue Code Section 115 and is exempt from income taxes under Section 115. The not-for-profit component units claim exemption from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and, accordingly, do not record a provision for income taxes on related income. The for-profit component units are recognized as partnerships for federal and state purposes. No provisions for income taxes are presented in the financial statements since taxable income or loss is reported by the partners on their individual income tax returns.

Operating and non-operating revenues and expenses

The major sources of revenue for the Authority are various subsidies from the U.S. Department of Housing and Urban Development, state financial assistance, management contract revenue, and charges to tenants. The major sources of revenue for the discretely presented component units are developer's fee earned, interest income on the notes receivable, land lease income, management contract revenue, and other miscellaneous revenue as discussed below.

Operating revenues and expenses consist of those revenues and expenses that result from the ongoing principal operations of the Authority. Non-operating revenues and expenses consist of those revenues and expenses that are related to financing and investing types of activities and result from non-exchange transactions or ancillary activities.

**Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

Operating and non-operating revenues and expenses (continued)

Federal and state grant revenue - Operating subsidies, Section 8 housing assistance payments, and Capital Fund program revenue received from the U.S. Department of Housing and Urban Development are susceptible to accrual and are recognized during the year earned in accordance with applicable HUD program guidelines. The Authority is generally entitled to receive monies under an established payment schedule or, for the Capital Fund program, as expenditures are made. Housing Choice Voucher Program income is recognized based on amounts reported per HUD's Voucher Management System (VMS), with subsequent adjustments computed by HUD in accordance with current regulations. Adjustments made by HUD in periods subsequent to the year-end are reflected in the financial statements when they become known and are not anticipated to be material in amount. For the Moderate Rehabilitation program, a year-end settlement is computed, and the underpaid or overpaid amount, if any, is considered to be an amount due to or from HUD. Advance payments received for the subsequent year are recorded as unearned revenue.

State financial assistance applicable to the Tenant Services Program is recognized when program expenditures are incurred in accordance with program guidelines. Such revenue is subject to review by the funding agency and may result in disallowance in subsequent periods.

Management contract fees - The Authority has provided property management and administrative services to certain outside parties providing affordable housing and administrative services to Seniors Housing Development Corporation and Gloucester County Housing Development Corporation. Seniors Housing Development Corporation receives management contract fees from Colonial Park, L.P. related to the provision of housing for persons of low-income. Gloucester County Housing Development Corporation receives management contract fees from Pop Moylan Urban Redevelopment Company, LLC related to the provision of housing for persons of low-income. Certain management fees for these services are determined annually based on formulas prescribed in the individual management contracts, while one management contract provides for a fixed annual management fee. Revenue from these contracts is recognized on an accrual basis.

Tenant charges - Tenant charges consist of rental income and fees for nutrition, housekeeping, and certain other services. Charges are determined and billed monthly and are recognized as revenues when assessed because they are measurable and are collectible within the current period. Amounts not received by year-end are considered to be accounts receivable, and amounts paid for the subsequent fiscal year are recorded as unearned revenue.

Other income - Miscellaneous income is composed primarily of miscellaneous service fees. This revenue is recorded as earned since it is measurable and available.

Use of estimates

Management of the Authority has made certain estimates and assumptions relating to the reporting of assets, liabilities, deferred inflows of resources, deferred outflows of resources, and revenues and expenses to prepare these financial statements in conformity with accounting principles generally accepted in the United States of America. Actual results may differ from those estimates.

**Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

New accounting standards adopted

For the year ended December 31, 2019, the Authority early adopted Governmental Accounting Standards Board (GASB) Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. The primary objective of this Statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. That objective is accomplished by postponing the effective dates of certain provisions in Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2018, and later. The adoption of this Statement has impacted the year that the Authority will adopt several of the statements listed in the recently issued accounting pronouncements below.

New accounting standards to be implemented in the future

The Authority plans to implement the following pronouncements by the required implementation dates or earlier, when deemed feasible:

Statement No. 83, *Certain Asset Retirement Obligations*. This Statement addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement. The Statement will become effective for the Authority in the year ending December 31, 2020. Management does not expect this Statement will have an impact on the financial statements.

Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. The Statement will become effective for the Authority in the year ending December 31, 2022. Management has not yet determined the impact of this Statement on the financial statements.

Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*. The objective of this Statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. The Statement will become effective for the Authority in the year ending December 31, 2020. Management has not yet determined the impact of this Statement on the financial statements.

**Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

New accounting standards to be implemented in the future (continued)

Statement No. 90, *Major Equity Interests*. The objective of this Statement is to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. The Statement will become effective for the Authority in the year ending December 31, 2020. Management has not yet determined the impact of this Statement on the financial statements.

Statement No. 91, *Conduit Debt Obligations*. The objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement originally would have become effective for the Authority in the year ending December 31, 2021, but as a result of GASB Statement 95 will become effective in the year ending December 31, 2022. Management has not yet determined the impact of this Statement on the financial statements.

Statement No. 92, *Omnibus 2020*. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. The requirements of this Statements are effective as follows:

1. The requirements related to the effective date of Statement 87 and Implementation Guide 2019-3, reinsurance recoveries, and terminology used to refer to derivative instruments are effective upon issuance.
2. The requirements related to intra-entity transfers of assets and those related to the applicability of Statements 73 and 74 originally would have become effective for the Authority in the year ending December 31, 2021, but as a result of GASB Statement 95 will become effective in the year ending December 31, 2022.
3. The requirements related to application of Statement 84 to postemployment benefit arrangements and those related to nonrecurring fair value measurements of assets or liabilities originally would have become effective for the Authority in the year ending December 31, 2021, but as a result of GASB Statement 95 will become effective in the year ending December 31, 2022.
4. The requirements related to the measurement of liabilities (and assets, if any) associated with AROs in a government acquisition originally would have become effective for the Authority in the year ending December 31, 2021, but as a result of GASB Statement 95 will become effective in the year ending December 31, 2022.

Management has not yet determined the impact of this Statement on the financial statements.

Statement No. 93, *Replacement of Interbank Offered Rates*. The objective of this Statement is to address the accounting and financial reporting effects that result from the replacement of interbank offered rates (IBORs) with other reference rates in order to preserve the reliability, relevance, consistency, and comparability of reported information. This Statement will become effective for the Authority in the year ending December 31, 2021. GASB Statement 95 changed the effective date for paragraphs 13 and 14 to the year ending December 31, 2022. Management does not expect this Statement will have an impact on the financial statements.

**Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

New accounting standards to be implemented in the future (continued)

Statement 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*. The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). As used in this Statement, a PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. This Statement also provides guidance for accounting and financial reporting for availability payment arrangements (APAs). As defined in this Statement, an APA is an arrangement in which a government compensates an operator for services that may include designing, constructing, financing, maintaining, or operating an underlying nonfinancial asset for a period of time in an exchange or exchange-like transaction. The Statement will become effective for the Authority in the year ending December 31, 2023. Management does not expect this Statement will have an impact on the financial statements.

Statement 96, *Subscription-Based Information Technology Arrangements*. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, *Leases*, as amended. The Statement will become effective for the Authority in the year ending December 31, 2023. Management does not expect this Statement will have an impact on the financial statements.

**Note 3: CASH AND CASH EQUIVALENTS AND INVESTMENTS**

Cash and cash equivalents

Custodial credit risk related to deposits – Custodial credit risk is the risk that, in the event of a bank failure, the Authority's deposits may not be returned to it. The Authority's formal policy regarding custodial credit risk is the same as described in Note 2, N.J.S.A. 17:9-41 et seq. and included in its cash management plan. The Authority shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). Public funds owned by the Authority and Component Units in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings or funds that may pass to the Authority and Component Units relative to the happening of a future condition. Such funds are shown as uninsured and uncollateralized in the schedule below.

As of December 31, 2019 and 2018, the Authority and the Component Units bank balances were insured or collateralized as follows:

	2019		2018	
	Authority	Component Units	Authority	Component Units
Insured	\$ 500,000	\$ 250,000	\$ 500,000	\$ 250,000

	<u>\$ 4,067,742</u>	<u>\$ 2,017,831</u>	<u>\$ 3,600,974</u>	<u>\$ 1,946,630</u>

**Note 4: RESTRICTED ASSETS**

The Authority established restricted cash accounts as required by HUD to report the associated cash associated with unused Housing Assistance Payments, other amounts associated with liabilities for the Housing Choice Voucher program, to hold tenant security deposits, and for other specified purposes. The Authority also established a restricted cash account to hold money the Authority has set aside for tenants participating in the Family Self-Sufficiency Program. The purpose of the program is to reduce dependency on housing assistance. Participants can withdraw monies from their account to pay for certain expenditures, including the purchase of a home.

The Authority's restricted cash is as follows:

	December 31,	
	2019	2018
Housing Assistance Payments – Section 8	\$ 338,363	\$ 360,881
Housing Assistance Payments - Mainstream	134,085	-

**Note 6: PENSION PLAN**

Public Employees' Retirement System

A substantial number of the Authority employees participate in the Public Employees' Retirement System ("PERS"), a defined benefit pension plan, which is administered by the New Jersey Division of Pensions and Benefits ("the Division"). This plan has a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to:

State of New Jersey  
Division of Pensions and Benefits  
P.O. Box 295  
Trenton, New Jersey 08625-0295  
<https://www.state.nj.us/treasury/pensions/financial-reports.shtml>

**Plan Description**

The Public Employees' Retirement System is a cost-sharing multiple-employer defined benefit pension plan which was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A. The PERS' designated purpose is to provide retirement, death, disability and medical benefits to certain qualified members. Membership in the PERS is mandatory for substantially all full-time employees of the Authority, provided the employee is not required to be a member of another state-administered retirement system or other state pensions fund or local jurisdiction's pension fund. The PERS' Board of Trustees is primarily responsible for the administration of the PERS.

**Vesting and Benefit Provisions**

The vesting and benefit provisions are set by N.J.S.A. 43:15A and 43:3B. The PERS provides retirement, death and disability benefits. All benefits vest after 10 years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of the PERS.

The following represents the membership tiers for PERS:

**Tier Definition**

- 1 Members who were enrolled prior to July 1, 2007
- 2 Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008

**Vesting and Benefit Provisions (continued)**

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 before age 62 with 25 or more years of service credit and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

**Contributions**

The contribution policy is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. Pursuant to the provisions of P.L. 2011, C. 78, the member contribution rate was 7.50% in State fiscal year 2019. The rate for members who are eligible for the Prosecutors Part of PERS (P.L. 2001, C. 366) was 10.0% in State fiscal year 2019. Employers' contributions are based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability.

The Authority's contractually required contribution rate for the years ended December 31, 2019 and 2018 was 13.74% and 13.78% of the Authority's covered payroll. These amounts were actuarially determined as an amount that, when combined with employee contributions, are expected to finance the costs of benefits earned by employees during the fiscal year, including an additional amount to finance any unfunded accrued liability.

Based on the most recent PERS measurement date of June 30, 2019, the Authority's contractually required contribution to the pension plan for the year ended December 31, 2019 was \$334,424, and was paid by April 1, 2020. Based on the PERS measurement date of June 30, 2018, the Authority's contractually required contribution to the pension plan for the year ended December 31, 2018 was \$338,148, which was paid by April 1, 2019. Employee contributions to the Plan during the years ended December 31, 2019 and 2018 were \$184,825 and \$185,821, respectively.

**Pension Liabilities, Pension (Benefit) Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At December 31, 2019, the Authority's proportionate share of the net pension liability was \$6,194,900. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2018. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2019. The Authority's proportion of the net pension liability was based on a projection of the Authority's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. For the June 30, 2019 measurement date, the Authority's proportion was 0.0343808092%, which was an increase of 0.000385047% from its proportion measured as of June 30, 2018.

At December 31, 2018, the Authority's proportionate share of the net pension liability was \$6,693,596. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2018. The Authority's proportion of the net pension liability was based on a projection of the Authority's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. For the June 30, 2018 measurement date, the Authority's proportion was 0.0339957622%, which was a decrease of 0.0006664093% from its proportion measured as of June 30, 2017.

For the years ended December 31, 2019 and 2018, the Authority recognized pension expense of \$406,466 and \$473,580, respectively. These amounts were based on the plan's June 30, 2019 and 2018 measurement dates, respectively.

**Actuarial Assumptions (continued)**

For the June 30, 2019 measurement date, pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2019.

For the June 30, 2018 measurement date, preretirement mortality rates were based on the RP-2000 Employee Preretirement Mortality Table for male and female active participants. For State employees, mortality tables are set back 4 years for males and females. For local employees, mortality tables are set back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Post-retirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (set back 1 year for males and females) for service retirements and beneficiaries of former members and a one-year static projection based on mortality improvement Scale AA. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back 3 years for males and set forward 1 year for females).

In accordance with State statute, the long-term expected rate of return on pension plan investments (7.00% at June 30, 2019 and 2018) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS' target asset allocation as of June 30, 2019 and 2018 are summarized in the table on the following page.

**Discount Rate** - The discount rate used to measure the total pension liability at June 30, 2019 was 6.28%. The single blended discount rate as based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.50% as of June 30, 2019, based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from pension plan members will be made at the current member contribution rates and that contributions from employers will be based on 70% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current pension plan members through 2057. Therefore, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through 2057 and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

**Actuarial Assumptions (continued)**

**Discount Rate (continued)** - The discount rate used to measure the total pension liability at June 30, 2018 was 5.66%. The respective single blended discount rates were based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.87% as of June 30, 2018, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rates assumed that contributions from pension plan members will be made at the current member contribution rates and that contributions from employers and the non-employer contributing entity will be made based on the contribution rate in the most recent fiscal year. The State employer contributed 50% of the actuarially determined contributions and the local employers contributed 100% of their actuarially determined contributions. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current pension plan members through 2046; therefore, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through 2046, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liabilities.

**Pension Plan Fiduciary Net Position**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension (benefit) expense, information about the respective fiduciary net position of the PERS and additions to/deductions from PERS fiduciary net position have been determined on the same basis as they are reported by PERS. Accordingly, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. For additional information about PERS, please refer to the Plan's Comprehensive Annual Financial Report (CAFR) which can be found at <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

**Plan Description**

The Housing Authority of Gloucester County provides medical benefits to employees that have completed 25 years of public employment with the Authority and have retired from the Authority through a single-employer defined benefit healthcare plan. Employees hired prior to June 22, 2009 are also eligible for reimbursement of Medicare Part B premiums.

**Employees Covered by Benefit Terms**

At December 31, 2019 and 2018, the most recent actuarial valuation date, the following employees were covered by the benefit terms:

Inactive Employees or Beneficiaries Currently Receiving Benefit Payments	24
Inactive Employees Entitled to but Not Yet Receiving Benefit Payments	-
Active Employees	51
	<hr/>
	75

**Contributions**

Retirees with less than twenty years of service as of June 28, 2011, are required to contribute to the plan, in accordance with provisions of P.L. 2011, C. 78. Retiree contributions to the Plan during the both of the years ended December 31, 2019 and 2018 were \$1,572.

**Total OPEB Liability**

The Authority's total OPEB liability of \$9,214,145 was measured as of December 31, 2019, and was determined by an actuarial valuation as of this same date.

The Authority's total OPEB liability of \$7,383,832 was measured as of December 31, 2018, and was determined by an actuarial valuation as of this same date.

**Actuarial Assumptions and Other Inputs** - The following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

	2019	2018
Inflation	2.00% Annually	2.00% Annually
Salary Increases	2.00% Annually	2.00% Annually
Discount Rate	2.49%	3.64%
Healthcare Cost Trend Rates	7.00%	7.00%

Retirees' Share of Benefit Related Costs      Pursuant to Chapter 78      Pursuant to Chapter 78

An experience study was not performed on the actuarial assumptions used in the December 31, 2019 and 2018 valuations since the plan had insufficient data to produce a study with credible results. Mortality rates, termination rates and retirement rates were based on standard tables either issued by the SOA or developed for the applicable State Pension system in which the Authority participates. The actuary has used his/her professional judgement in applying these assumptions to this plan.

**Note 8: SELF-INSURANCE**

Plan Description - The Authority is self-insured for employee healthcare, effective May 1, 2013. The plan administrator is the Insurance Administrator of America, Inc.

Expenses related to the plan are reported when invoices are received from the plan administrator. A liability is also accrued for claims that have been incurred but not reported including the future costs of handling claims. This liability is based on an estimate calculated by the plan administrator and deemed to be reasonable based on payments made in the first few months after year end. This liability is included in accounts payable and accrued expenses in the statements of net position.

Changes in the total reported liability and benefits obligations for the year ended December 31, 2019 are summarized as follows:

	December 31,	
	2019	2018
Balance, beginning of year	\$ 117,402	\$ 86,723
Claims incurred and changes in estimates	1,363,662	1,334,938
Claim payments	(1,385,049)	(1,304,259)
Balance, end of year	<u>\$ 96,015</u>	<u>\$ 117,402</u>

**Note 9: COMPENSATED ABSENCES**

Employees earn vacation and sick leave in varying amounts based upon length of service. Earned but unused vacation leave must be taken in the succeeding year. One-half of earned but unused sick leave can be "bought back" at year end, up to one week each year, or accrued and carried into the succeeding year. Upon separation, employees are paid for accumulated vacation and fifty percent of accumulated sick time earned.

The following summarizes compensated absences at year end:

Seniors Housing Development Corporation:

SHDC owns a single family home, which it rents to an HAGC Housing Choice Voucher holder. Housing assistance payments received for the year ended December 31, 2019 and 2018 were \$11,028 and \$6,190, respectively.

**Note 11: OPERATING LEASE**

The Authority leases office facilities from Pop Moylan Urban Redevelopment Company, LLC (a related party described in Note 2) under a 40-year non-cancellable lease which requires annual rental payments of \$96,450 to be paid in equal monthly installments for the life of the lease which expires in December 2037. The lease may be renewed for a period of ten years after the expiration of the original term on the same terms as the original agreement.

**Note 12: COMMITMENTS**

As of December 31, 2019, the Authority had commitments to expend approximately \$115,382 for various capital improvements and related costs for the 2018 and 2019 Capital Fund Programs.

**Note 13: CONTINGENCIES**

The Authority and its component units manage risk through the procurement of commercial insurance policies. There have been no significant reductions in insurance coverage during the year ended December 31, 2019. Settled claims have not exceeded commercial coverage in recent years.

Certain claims have been filed against the organizations. In the opinion of management, all matters are adequately covered by insurance or are without merit.

**Note 14: SUBSEQUENT EVENTS**

In January 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a "Public Health Emergency of International Concern," which continues to spread throughout the world and has adversely impacted global commercial activity and contributed to significant declines and volatility in financial markets. The coronavirus outbreak and government responses are creating disruption in global supply chains and adversely impacting many industries. The outbreak could have a continued material adverse impact on economic and market conditions and trigger a period of global economic slowdown. The rapid development and fluidity of this situation precludes any prediction as to the ultimate material adverse impact of the coronavirus outbreak. Nevertheless, the outbreak presents uncertainty and risk with respect to the Authority, its performance, and its financial results.

As a result of the Covid-19 Pandemic, on March 27, 2020 the CARES Act was signed into law. This law provided regulatory waivers and additional funding to Public Housing Authorities across the nation. The Authority accepted many of the blanket waivers available from HUD as well as additional funding. In May 2020, the Authority received \$299,396 in additional administrative fees for the Section 8 Housing Choice Voucher Program and \$1,234 in additional administrative fees for the Mainstream Voucher Program. In August 2020, the Authority received \$156,459 in additional Public Housing operating subsidy, \$352,218 in additional administrative fees for the Section 8 Housing Choice Voucher Program, and \$8,122 in additional admin fees for the Mainstream Voucher Program. The additional funding is for expenditures incurred between March 27, 2020 and December 31, 2021 for activity relating to the preparation of, response to, and prevention of coronavirus. Any unused funds must be returned to HUD.

Management of the Housing Authority of Gloucester County has evaluated subsequent events through September 18, 2020, the date the financial statements were available to be issued.

*For 2019, the assumed rates of retirement, mortality, salary increases, and inflation were updated based on the July 1, 2014 - June 30, 2018 Experience Study. For pre-retirement mortality, the Pub-2010 General Below-Median Income Employee mortality table with a 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis was used. For healthy retirees and beneficiaries, the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis was used. For disabled retiree mortality, the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males, and a 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis was used. For mortality improvement, Scale MP-2019 was used.*

*For 2016, demographic assumptions were revised in accordance with the results of the July 1, 2011 - June 30, 2014 experience study and the mortality improvement scale incorporated the plan actuary's modified MP-2014 projection scale. Further, salary increases were assumed to increase between 1.65% and 4.15% (based on age) through fiscal year 2026 and 2.65% and 5.15% (based on age) for each fiscal year thereafter.*

**PART II - SINGLE AUDIT SECTION**

**DECEMBER 31, 2019**

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Board of Commissioners  
Housing Authority of Gloucester County, New Jersey

**Report on Compliance for Each Major Federal Program**

We have audited the Housing Authority of Gloucester County's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Authority's major federal programs for the year ended December 31, 2019. The Authority's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

***Management's Responsibility***

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of the Housing Authority of Gloucester County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; audit requirements as prescribed by the Bureau of Authority Regulation, Division of Local Government Services, Department of Community Affairs, State of New Jersey; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Housing Authority of Gloucester County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Housing Authority of Gloucester County's compliance.

***Opinion on Each Major Federal Program***

In our opinion, the Housing Authority of Gloucester County, New Jersey complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2019.

## Report on Internal Control over Compliance

Management of the Housing Authority of Gloucester County, New Jersey is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Authority's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Notes to Schedule of Expenditures of Federal Awards**

---

**Note 1: GENERAL**

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of the Housing Authority of Gloucester County, New Jersey (the "Authority") under programs of the federal government for the year ended December 31, 2019. Gloucester County Housing Development Corporation, Seniors Housing Development Corporation of Gloucester County, and Affordable Housing Alternatives of Gloucester County, Inc. are not subject to Single Audits. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Authority, it is not intended to and does not present the financial position, changes in net position or cash flows of the Authority.

**Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Presentation

Expenditures reported on this Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulation Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The Authority has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

**Note 3: RELATIONSHIP TO GENERAL PURPOSE FINANCIAL STATEMENTS**

Amounts reported in the accompanying schedule agree with amounts reported in the Authority's financial statements.

**Note 4: RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS**

Included in the amount reported as Federal expenditures in the accompanying schedule for CFDA number 14.871 are settlements for prior year's administrative fees received from the United States Department of Housing and Urban Development (HUD) of \$28,411 for 2018 and no amounts for 2018 for housing assistance payments were included. All other amounts in the accompanying schedule agree with, in all material respects, the amounts reported in the related federal financial reports.

Additionally, there were expenditures of \$196,332 under the State of New Jersey, Department of Community Affairs Congregate Housing Services Program, which is not subject to a State Single Audit.

**Note 5: PHA'S STATEMENT AND CERTIFICATION OF ACTUAL CAPITAL FUND PROGRAM COSTS**

There were no Modernization Cost Certificates filed by the Authority in 2019.
